

Kentucky Society of Health-System Pharmacists 2015 Fall Meeting

October 1-2, 2015

[Galt House Hotel Louisville](#)

140 North 1st Street • Louisville, KY 40202
(502) 589-5200

[Kentucky Society of Health-System Pharmacists](#)

P.O. Box 4961 • Louisville • KY 40204
(502) 456-1851 x2 • Fax (502) 456-1821
www.kshp.org • info@kshp.org

Sullivan University College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. Sullivan University College of Pharmacy designates the amount of CEUs (contact hours) listed next to each session. Except where specifically noted, all sessions are designated as knowledge-based learning activities.

The American Society of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. For selected programs, attendees must complete a Continuing Pharmacy Education Request online and may immediately print their statements of continuing pharmacy education credit at the ASHP eLearning site (elearning.ashp.org).

CEUs (Contact Hours)

12.5 hours of CE are available to select from with 11 hours maximum per attendee.

Faculty Disclosure

In accordance with the Accreditation Council for Pharmacy Education (ACPE) Accreditation Standards for Continuing Pharmacy Education and the policy of Sullivan University College of Pharmacy, faculty disclosure of any relevant financial relationships with commercial entities must be given prior to presentation. Full disclosure was not available at the time of printing. Disclosure will be given verbally prior to each presentation.

Attendees will have approximately 6 weeks (November 13, 2015) from the last day of the conference to complete and submit evaluations and learning assessments for the sessions they attended. Evaluations that are not submitted by the deadline will NOT be uploaded to CPE Monitor, the database that stores pharmacy continuing education records. Instructions for completing course evaluations can be found on the [KSHP website](#).

CPE Monitor is a collaborative service from the Accreditation Council for Pharmacy Education (ACPE) and the National Association of Boards of Pharmacy (NABP). CPE Monitor authenticates, stores, and streamlines data reporting and compliance verification for participating boards of pharmacy. Attendees who complete the requirements for earning continuing education contact hours may view and print their records from the CPE Monitor site.

Pharmacists may obtain a unique identification number from NABP (www.nabp.net). This number is used to upload continuing education units to the NABP database. After CPE units are processed by ACPE and NABP, participants will be able to download and print their comprehensive CPE transcript from the CPE Monitor website.

[Register Online for the Fall Meeting](#)

Kentucky Society of Health-System Pharmacists 2015 Fall Meeting

**Program subject to change*

Thursday, October 1, 2015

- 7:00 – 8:00 am** **Registration, Exhibits & Continental Breakfast**
- 7:15 – 7:45 am** **Round Table Discussions (*Non CE-Credit*)**
- 8:00 – 8:15 am** **President's Welcome**
Michelle Fraley, PharmD, KSHP President
- 8:15 – 9:15 am** ***Maximizing the Role of GLP-1 Agonists in Our Patients with Type 2 Diabetes (Knowledge-Based Session)***
Susan Cornell, PharmD, CDE, FAPhA, FADE, Activity Chair, Assistant Director of Experiential Education, Associate Professor, Department of Pharmacy Practice, Midwestern University Chicago College of Pharmacy, Downers Grove, IL
Planned and conducted by ASHP Advantage and supported by an educational donation provided by Amgen.
- 0.1 CEU ACPE# 0204-0000-15-428-L01-P
- Review the effect of GLP-1 on glucose metabolism.
 - Compare pathophysiologic mechanisms of GLP-1 agonists to other diabetes medications.
 - Discuss the differentiating characteristics of available GLP-1 agonists including long-term safety.
 - Explain the importance of proper injection device technique in the preparation and administration of GLP-1 agonists in the management of type 2 diabetes.
 - Explain how to overcome barriers in GLP-1 agonist use.
- 9:15 – 10:15 am** ***Clinical Pearls (4 at 15 minutes each) (Knowledge-Based Session)***
0.1 CEU ACPE# 0617-9999-15-028-L01-P
(Note: Attendees must attend all four sessions to earn CE credit)
- Venous Thromboembolism Prophylaxis with Unfractionated Heparin: Does One Dose Fit All?***
Jennifer Wiedmar, PharmD, BCPS, Clinical Pharmacist, University of Louisville Health Care, Louisville
- Discuss safety and efficacy data regarding higher dosages of unfractionated heparin for thromboprophylaxis in obesity.
 - Identify specific patients in which higher dosages of unfractionated heparin may be beneficial for thromboprophylaxis.
- PCSK9 inhibitors for hyperlipidemia: What's the evidence?***
Kim Elder, PharmD, BCPS, Assistant Professor, Clinical and Administrative Sciences, Sullivan University College of Pharmacy, Louisville
- Describe the basic pharmacology of PCSK9 inhibitors.
 - Identify surrogate and clinical endpoints of PCSK9 inhibitor trials to determine potential appropriate use.
- Novel and Innovative Uses for Volatile Anesthetics: Uses Beyond the Operating Room***
Zachary Noel, PharmD, PGY2 Cardiology, University of Kentucky Healthcare, Lexington
- Provide a brief pharmacology overview of volatile anesthetics
 - Identify areas outside the operating room where volatile anesthetics are being utilized and implications it may have on practice.
- Fighting the Fungus: Optimizing the Use of Azole Antifungals***
Josh Elder, PharmD, BCPS, Clinical Specialist, Pediatric Hematology/Oncology/Stem Cell Transplant, Kosair Children's Hospital, Louisville
- Evaluate the utility of therapeutic drug monitoring for selected azole antifungals.
 - Discuss the role of pharmacogenomic data to guide selected antifungal dosing.
- 10:15 – 11:15 am** **Exhibits & Networking**

Kentucky Society of Health-System Pharmacists 2015 Fall Meeting

**Program subject to change*

- 11:15 – 12:15 pm** ***Palliative Care and the Pharmacist (Knowledge-Based Session)***
Todd Coté, MD, HMDC, FAAFP, FAAHPM, Chief Medical Officer, Hospice of the Bluegrass and Palliative Care Center of the Bluegrass, Lexington
0.1 CEU ACPE# 0617-9999-15-029-L01-P
- Review definitions of hospice and palliative care.
- Summarize changing principles and culture in end-of-life care.
- 12:15 – 1:15 pm** **Luncheon – Colleges of Pharmacy Update**
- 1:15 – 2:15 pm** ***Obesity Track - Antimicrobial Dosing in Obesity (Knowledge-Based Session)***
Jarrett Amsden, PharmD, BCPS, Associate Professor, Department of Pharmacy Practice, Butler University College of Pharmacy, Indianapolis
0.1 CEU ACPE# 0617-9999-15-030-L01-P
- Discuss the antimicrobial pharmacokinetic (PK) changes that occur in obese patients.
- Explain antimicrobial PK and pharmacodynamic (PD) data to help develop drug specific dosing recommendations.
- Discuss implementation strategies for these drug-specific dosing recommendations.
- 2:15 – 3:15 am** ***Obesity Track – Selected Short Topics of Clinical Importance (3 at 20 minutes each) (Knowledge-Based Session)***
0.1 CEU ACPE# 0617-9999-15-027-L01-P
(Note: Attendees must attend all three sessions to earn CE credit)
- Obesity, BSA, and Chemotherapy Dosing: Optimizing Outcomes in the Patients with Elevated BSA***
Laura Parsons, PharmD, BSc, Clinical Oncology Specialist, James Graham Brown Cancer Center, University of Louisville Hospital, Louisville
- Review guidelines and appropriate literature associated with chemotherapy dosing in obese patients.
- Describe the impact of dose intensity on patient outcomes.
- Use of Anticoagulation in Obese Patients***
Anna Hitron, PharmD, MS, MBA, BCOP, Clinical Pharmacy Specialist – Oncology, Baptist Hospital East, Louisville
- Describe the pharmacokinetics and toxicity of warfarin, heparins, and novel oral anticoagulants.
- Discuss the recommendations provided in the literature for dose adjustments of anticoagulation in obese patients.
- Parenteral Nutrition Support in the Obese Patient Population***
Christopher Miller, PharmD, MS, MBA, BCNSP, Assistant Clinical Professor, University of Kentucky College of Pharmacy, Lexington
- Describe macronutrient dosing strategies in the critically ill obese patient population.
- Define potential risks for micronutrient deficiencies associated with bariatric surgical procedures.
- Identify the grading of evidence in the current guidelines and application to practice.
- 3:15 – 3:45 pm** **Exhibits & Networking**
- 3:45 – 4:45 pm** ***Preventing Harm: Prevention and Safety Culture (Knowledge-Based Session)***
Vicki Montgomery, MD, FAAP, FCCM, Division Chief, Women and Children's Division of Patient Quality, Safety and Clinical Innovation, Norton Healthcare, Louisville
0.1 CEU ACPE# 0617-9999-15-031-L05-P
- Describe the Swiss cheese model of error.
- Name 5 error prevention strategies.
- Describe characteristics of a just culture.
- 5:00 – 6:30 pm** **KSHP Martha Lou King Foundation Reception**

Kentucky Society of Health-System Pharmacists 2015 Fall Meeting

**Program subject to change*

Friday, October 2, 2015

7:00 – 8:00 am **Registration, Exhibits & Continental Breakfast**

7:30 – 8:00 am **KSHP Committee Meetings**

8:00 – 9:30 am ***Increasing Naloxone Access in Kentucky: Implementation of SB 192 by Pharmacists (Knowledge-Based Session)***

Trish Freeman, PhD, Director of the Center for the Advancement of Pharmacy Practice (CAPP); Clinical Associate Professor in the Pharmacy Practice and Science Department, University of Kentucky College of Pharmacy, Lexington

Emma Palmer, PharmD, BCPS, BCPP, Assistant Professor, Clinical & Administrative Sciences, Sullivan University College of Pharmacy, Louisville

0.15 CEU

ACPE# 0143-0000-15-045-L03-P (T)

- Explain the epidemiology of opioid addiction and overdose.
- Identify risk factors for opioid abuse and overdose.
- Explain how to recognize and respond to opioid overdoses in the community.
- List the indications and contraindications for use of naloxone as rescue therapy.
- Demonstrate the administration of naloxone in the setting of opioid overdose in the community.
- Describe adverse effects associated with naloxone rescue therapy.
- Explain provisions of SB 192 and the associated Board of Pharmacy regulations that authorize pharmacists to initiate dispensing of naloxone.
- Identify persons that meet criteria for provision of naloxone via protocol.
- Educate persons receiving naloxone via protocol regarding the use of naloxone for rescue therapy.
- Identify the required elements of a protocol that can be used to initiate the dispensing of naloxone.
- Define the required documentation when initiating dispensing of naloxone.

9:30 – 10:30 am **Exhibits & Networking**

MAIN TRACK

10:30 – 11:00 am ***Hepatitis C Virus: An Update on Pharmacotherapy Management (Knowledge-Based Session)***

Rickey Evans, Clinical Pharmacy, University of Kentucky Healthcare, Lexington

0.05 CEU

ACPE# 0617-9999-15-032-L01-P

- Explain the pathophysiology and complications of Hepatitis C Virus (HCV).
- Identify patients who are appropriate for treatment of HCV.
- Discuss current guidelines and recommendations for treatment of HCV.

11:00 – 11:30 am ***Let's Keep it Simple...What You Really Need to Know About HIV (Knowledge-Based Session)***

Cathy Spencer, PharmD, BCPS, Assistant Professor, Clinical and Administrative Sciences, Sullivan University College of Pharmacy, Louisville

0.05 CEU

ACPE# 0617-9999-15-033-L02-P

- Recognize the preferred regimens and timing for initiation of antiretroviral therapy in treatment-naïve patients.
- Describe HIV prevention methods.
- Identify helpful resources for HIV information.

11:30 – 12:00 pm ***Transgender Healthcare for Health Systems (Knowledge-Based Session)***

Amber Riesselman, PharmD, BCPS, BCPP, Clinical Pharmacist, Inpatient Psychiatry Unit, University of Louisville Hospital, Louisville

0.05 CEU

ACPE# 0617-9999-15-034-L01-P

- Explain transgender terms and the importance for provider competency.
- Recognize psychosocial concerns of transgender people.
- Identify pharmacotherapy options for transgender healthcare.

Kentucky Society of Health-System Pharmacists 2015 Fall Meeting

**Program subject to change*

Friday, October 2, 2015 (cont.)

PRECEPTOR TRACK

10:30 – 12:00 pm

Preceptor Educational Session (Application-Based Session)

Anne PolICASTRI, Pharm D, MBA, FKSHPh, Clinical Assistant Professor, Director of Experimental Education, University of Kentucky College of Pharmacy, Lexington

Holly Byrnes, PharmD, Associate Professor, Clinical & Administrative Sciences; Residency Program Coordinator, Sullivan University College of Pharmacy, Louisville

Sarah Smith, PharmD, Associate Professor and Vice Chair, Clinical and Administrative Sciences, Sullivan University College of Pharmacy, Louisville

0.15 CEU

ACPE# 0617-9999-15-038-L04-P

- Explain the benefits of the integration of learners into your daily pharmacy practice.
- Summarize examples of successful learner integration that provide educational benefit and positively impact patient care.
- Apply the layered learner model to manage multiple learners concurrently.
- Identify solutions to the common obstacles of learner integration.

12:00 – 1:30 pm

Luncheon – Awards Ceremony and Installation of Officers

1:30 – 2:30 pm

Management Track (3 at 20 minutes each) (Knowledge-Based Session)

0.1 CEU

ACPE# 0617-9999-15-035-L04-P

(Note: Attendees must attend all three sessions to earn CE credit)

Transitions of Care: The Role of The Pharmacy Technician

Amanda Cox, CPhT, Senior Pharmacy Technician, Transitions of Care, University of Kentucky Healthcare, Lexington

Billy Bowling, CPhT, Transitions of Care Technician, University of Kentucky Healthcare, Lexington

- Describe the implementation of a service model centered around pharmacy technicians.
- Describe how pharmacy technicians impact transitions of care.

Improving Transition Care Through Bedside Pharmacy Service

Kelly McDonald, PharmD, MBA, Director of Pharmacy-Ambulatory, Norton Healthcare, Louisville

- Identify best methods to implement bedside pharmacy services.
- Recognize level of collaboration necessary for a successful transition care pharmacy service.
- Describe methods to evaluate outcomes of pharmacist involvement during care transitions.

Track and Trace Impact on the Drug Supply Chain

Samantha Bochenek, Administrative Resident, University of Kentucky Healthcare, Lexington

- Explain the purpose of the Drug Supply Chain Security Act.
- Describe the requirements of the Drug Supply Chain Security Act.

1:30 – 3:00 pm

Reverse Expo

For the first time KSHP will offer this “invitation only” event in which eligible exhibitors will have the opportunity to meet one-on-one with key Health-Systems Directors.

2:30 – 3:30 pm

Emerging Therapies and Expanding Role for Pharmacists in Management of Patients with Heart Failure (Knowledge- Based Session)

Tracy Macaulay, PharmD, AACCP, BCPS-AQ, Director of Transitional Care Pharmacy Service, University of Kentucky Healthcare, Lexington

0.1 CEU

ACPE# 0617-9999-15-036-L01-P

- Summarize the efficacy, safety, and potential role of emerging therapies for heart failure (HF).
- Discuss the overarching role of the health-system pharmacist as part of a multidisciplinary team for managing patients with HF.
- Identify strategies that can help health-system pharmacists enhance transitions of care for patients with HF.

Kentucky Society of Health-System Pharmacists 2015 Fall Meeting

**Program subject to change*

Hotel Accommodations

Please contact the Galt House Hotel Louisville Reservations Department at 800-The-Galt (843-4258) or 502.589.5200 before September 1, 2015. Be sure to mention you are with the KSHP 2015 Fall Meeting. The Galt House Hotel address is 140 North 4th Street, Louisville, KY 40202. Room rates are \$139/\$149 single/double.

Registration Information

You may register online with a credit card on the [KSHP website](#). Once on the Fall Meeting event page, members please use the "Members Click Here to Login" link at the top of the page to view the discounted rates. Non-members please use the "Register Now" button at the bottom of the page.

If you wish to pay by check please use the Registration Form contained at the end of this packet. Complete the form and remit with payment to: KSHP, Attn: Fall Meeting, P.O. Box 4961, Louisville, KY 40204. Or you may email the form to info@kshp.org or fax the form to 502-456-1821.

Parking at the Galt House Hotel

Parking for the meeting is in the Galt House Hotel parking lot. We recommend you park in the Suite Tower Garage as it is easier to access the meeting. The hotel has guaranteed a \$10 per day rate for attendees who are sleeping guests at the hotel. If you are staying at the hotel please see the hotel front desk for details to confirm your parking arrangements. If you are not sleeping at the hotel your parking fees will be at the hotel posted rates. All parking fees are the personal responsibility of each attendee.

Refund Policy

Any request for a refund must be submitted in writing to the association office and include the reason for the request. All refunds will be considered by the KSHP Executive Committee on an individual basis. Requests must be received prior to September 18th, 2015 for consideration. There will be a \$20 service charge for all refunds.

Presentation Handouts

After registering for the meeting please visit the KSHP website at www.kshp.org to download the meeting presentation handouts prior to the event. Handouts will be posted in the "member's section" prior to the event and can be found in the "Documents" section of the KSHP website.

Registration Deadline is September 25, 2015

This is a GREEN meeting. Attendees who wish to have printed handouts will be provided instructions for self-printing these materials prior to the conference. Complimentary wifi will be available at the meeting.
